HELI
EMPOWER THE WORLD

2025

Innovating
Material Handling Worldwide Since 1958

Anhui Forklift Group Corporation Ltd (known today as HELI) is a leading material-handling manufacturer in China. Since its establishment in 1958 in Anhui (China), HELI has been paving the way for innovative material-handling solutions quickly gaining global recognition as one of the industry leaders (ranked 7th worldwide in the "Top 20 Industrial Forklift Truck Suppliers" by M.M.H in 2016).

Driven by a commitment to quality and customer satisfaction, HELI branched out globally, successfully establishing HELI centres in Europe, Southeast Asia, North America, Middle East, South America and Oceania. Meeting customer demands and enhancing the service provided to the international market. Throughout many decades, HELI has forged strong partnerships globally and locally. Establishing a vast distributor network that spans more than 150 countries and regions, selling HELI products worldwide. As HELI looks to the future, our focus remains on pushing the boundaries of material handling technology whilst maintaining our core values of quality and customer satisfaction, further cementing our presence and brand internationally.
