

HELI - LITHIUM-ION POWERED - ELECTRIC FORKLIFTTRUCK RANGE

# HELI

## LIFTING THE FUTURE

THE FUTURE HAS ARRIVED  
HI-EFFICIENT, ENERGY SAVING PERFORMANCE

### ELECTRIC PALLET MOVERS

### COUNTERBALANCED FORKLIFTTRUCKS

### 3 WHEELERS

## REACH TRUCKS

## LARGER CAPACITY FORKLIFT TRUCKS

4-5 T

8-10T

The Heli Lithium range is designed and manufactured with Australian conditions in mind. The Heli 1500-2500kg Li series forklift trucks provide high productivity and reliability at an economical price, with, heavily reduced overall running cost. Heli forklift trucks meet AS2359.1:2015, the Australian Standard for Industrial Trucks.

HELI'S constant product development and innovations provide operators a comfortable, efficient and environment friendly forklift. The outstanding noise levels, safety and reliability are key features along with easy cost effective maintenance and exceptional working efficiency.

## Features of Lithium battery technology

### Environmentally friendly

Zero emissions  
Low noise  
No heavy metals  
97.7% energy conversion rate  
No acid spills  
No Harmful gas emissions

### Cost Saving

1-2 hour charge time  
Opportunity charging acceptable  
No Daily maintenance  
Over 4000 cycles – better longevity

### Increased Safety

No battery refilling  
Decreased chance of explosions  
No chance of acid burns to eyes and skin  
No chance of acid spill  
No gas emission when charging  
Lower operating temperatures

### Increased Productivity

Less downtime for charging  
Less decrease in power late in shift  
No need for second shift battery  
Longer service time than lead acid battery  
High performance in low temperatures  
Up to 24 hours service per day with opportunity charging

### Lithium comparison to Lead Acid Battery

Lithium Battery	VS	Lead-acid Battery
1-2 hours	Charging time	8-12 hours
>95%	Charging	60%
>4000	Battery Service Life	1200
5 years	Quality Guarantee	1 year
0	Battery Replacement (lifecycle)	3-4
Maintenance Free	Maintenance	Regular Maintenance
-40°C	Low Temperature Characteristics	Out Of Order

### Superb working efficiency

The HELI Li range's high efficiency guarantees its materials handling ability will meet the requirements of heavy work applications.

For information on the comprehensive range of Materials Handling Equipment supplied by the HELI Corporation please feel free to contact us at Statewide Forklifts Pty Ltd.
